

Everglades®

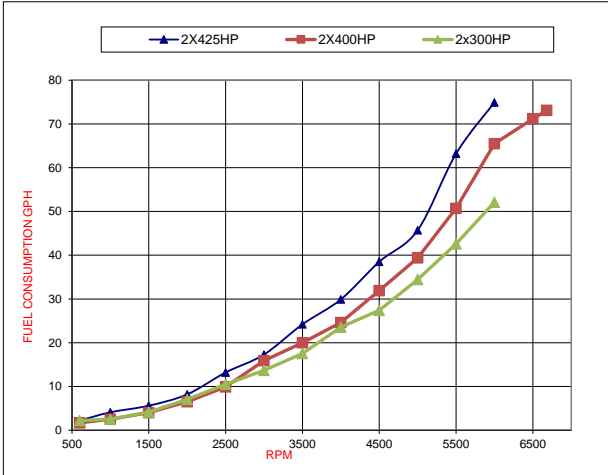

Model: 335CC
Fuel Capacity: 306 gal

Notes: This information is a performance prediction based off of measured data. It is intended to be used for propulsion comparisons. Performance is predicted with second station, 150 gallons of fuel and 750 lbs of people & gear aboard. The seakeeper option is not included in this prediction. Range is calculated off of 95% fuel capacity and is shown in statute miles. Data was collected with Yamaha & Mercury outboards. Performance results can be affected by many factors including vessel loading and weather conditions. The reported performance and fuel consumption are not guaranteed.
